

CPU Robotics Parent Meeting

August 29th @ 5:30 PM

At the CPU Robotics Room

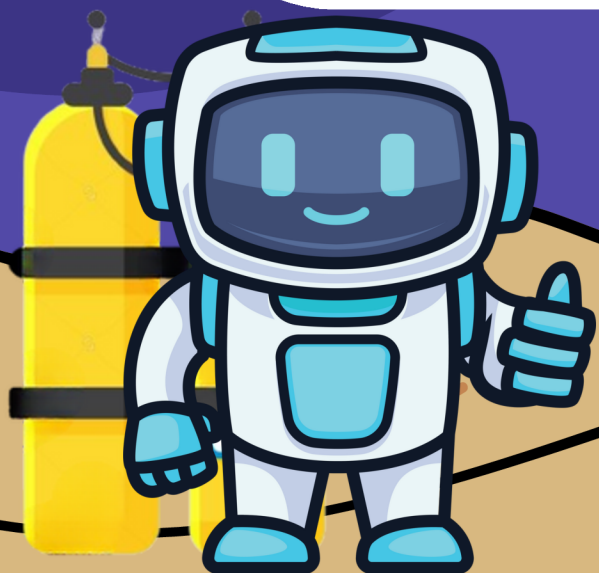

(Use the West entrance of the middle school closest to Bob Bowers field and go downstairs)

The Hardest Fun You'll Ever Have!

In FTC you'll get to develop your STEM skills and practice engineering principles while having a blast with your friends. You'll be challenged to design, build, and program robots for exciting head-to-head competitions.

Join Our Team To :

- Discover this season's ocean-themed game and brainstorm ideas to complete the game.
- Work with your team to build a robot to complete the game
- Participate in outreach events, fundraising, and more
- Compete at events on the game field and for awards

Into The Deep!
