## KEY HIGHLIGHTS & ACHIEVEMENTS

### *Sustained Excellence*

Our schools continue to rank in top performance categories, a testament to our ongoing commitment to providing high-quality education that meets rigorous standards.

### *Movement in Ratings*

Our Primary, Intermediate, and High Schools each advanced a performance category this year. The Middle School's score remained steady, but moved back one category due to a new rule that lowers a school's category if any subgroup falls below a specific benchmark.

### *School Improvement Plans in Action*

Each school in our district has a focused School Improvement Plan (SIP) aimed at maintaining and advancing student performance.

### *Consistent Growth in Composite Scores*

Since 2021, we've seen a steady increase in our composite scores.
